

Event Registration Guidelines and Rules:

1. To be eligible for the event, all participating teams must complete the official team registration form.
2. Each team is required to provide their GitHub repository link through the registration form. This is crucial for tracking and evaluating your project.
3. Teams are strongly encouraged to actively utilize the voice channel for effective collaboration. Furthermore, it is recommended to use the associated text channel for written communication.
4. Non-cooperation among team members will result in immediate disqualification. A spirit of teamwork and collaboration is essential.
5. Teams must strictly adhere to ethical coding practices throughout the event. Plagiarism and unethical behavior will not be tolerated.
6. Any decisions made by the organizing committee will be considered final and binding.
7. All team members are expected to participate during the evaluation process in formal/decent attire. Please ensure your microphone and camera arrangements are ready, and maintain a stable network connection.
8. Standard coding practices and conventions must be followed.
